

JUMA PA1000+ 1kW, HF+6m PA

High-performance 1kW PEP linear amplifier designed for HF to 6m band. It is delivered fully assembled, tested, and calibrated, featuring a lightweight and compact form factor (just 5.5 kg / 12 lbs) along with advanced digital control. Customers can choose between BLACK (new, no additional cost) or WHITE (standard) color options. Originally developed by the JUMA® Radio Team (OH2NLT & OH7SV), the PA1000+ is now manufactured, assembled, tested, and calibrated by ROWAVES in Sibiu, Romania.

- output power nominal 1000W+, PEP (600W PEP on 6m)
- silent cooling with Noctua fan: ~19.3dBA typ.
- power supply: switchable from 115Vac / 230Vac - integrated
- built-in 12V PSU (to supply your QRP TRx from JUMA PA1000+ directly)
- we can install N, UHF or BNC antenna connector
- protection and optical alarm: for over-temperature, over-current, exceeded SWR etc.
- low harmonics distortion: -55dBc typ. below fundamental
- automatically band selection: possible for BCD, RS232, C-IV and analog band voltage
- PC interface (COM HUB) and IC-705 interface available, remote Windows application (FREE)

160 to 6m

1kW PEP

20dB typ.

2...10W typ.

-35dBc typ.

12V/5A Power Supply included, 115/230Vac PS included, ANT connector at your choice. Carry handle included, you can buy it **WHITE or BLACK** now!
